Subject : Progress in prevention of infection
diseases of farm stock in BULGARIA,
POLAND, RUSSIAN ZONE

50X1-HUM

II. INFORMATION

1. Russian Zone

- (a) Very strict measures are enforced by the authorities to control foot and mouth disease, particularly by preventive inoculation. The serum used is considered effective, and is available in sufficient quantities. It is officially stated that the measures taken are satisfactory [redacted]

50X1-HUM

- (b) The RIEMS Institute has full State support, and has facilities for obtaining scientific equipment enjoyed by few other institutions.

50X1-HUM

2. BULGARIA

[redacted] preventive inoculations against foot and mouth disease were rully successful, and there was complete success in local [redacted] outbreaks. He added that this had only been achieved by strict government enforcement.
